Applicant's canceling of claims 20-22 in the amendment/response submitted on 9/12/05

is acknowledged.

**EXAMINER'S AMENDMENT** 

An examiner's amendment to the record appears below. Should the changes and/or

additions be unacceptable to applicant, an amendment may be filed as provided by 37

CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no

later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview

with Mr. Popovici on 11/15/05. This amendment was done so as to facilitate allowance

of the case since as explained by the examiner to Mr. Popovici that the new claims 25-

26 are directed to inventions that are distinct—requiring restriction with original

presentation--from the originally filed claims and that they would require a new different

search than that of the originally fled claim. Thus, Mr. Popovici agreed to cancel the

new claims 25-26.

Please cancel claims 25-26

Reason for Allowance

Claims 1-19 and 23-24 are allowed for the following reasons:

The instant application is deemed to be directed to a nonobvious improvement over the

invention patented in Pat. No. Graesser (US 6517253).

Application/Control Number: 10/718,355

Art Unit: 2883

Claims 1-19 and 23-24 are allowed because the prior art of record, taken alone or in

Page 3

combination, fails to disclose or render obvious wherein the inner protective tube and

the outer protective tube are longitudinally movable relative to the optical fiber along at

least a part of the optical fiber enclosed by the inner protective tube and the outer

protective tube in combination with the rest of the limitations of the base claim.

Any comments considered necessary by applicant must be submitted no later than the

payment of the issue fee and, to avoid processing delays, should preferably accompany

the issue fee. Such submissions should be clearly labeled "Comments on Statement of

Reasons for Allowance."
